

## Japan/Germany/USA Chemical Engineering Workshop 2015

### Program

**Date: Dec. 11(Fri.), 2015**

**Venue: Rohm Plaza, Katsura Campus, Kyoto University**

10:00. Opening Address (Prof. Matsusaka)

10:05-12:05. Session I (Chair: Prof. Matsusaka)  
Presentation by 6 students of TU Dortmund

12:05-13:30. Lunch

13:30-14:40. Session II (Chair: Prof. Kawase)

13:30-13:50. "Long History of Internship Program between Kyoto University and TU Dortmund and Summer School at TU Dortmund in 1999" Dr. Ryuichi Ashida

13:50-14:10. "Life in a foreign culture: what I have learned through the internship program" Dr. Sanghong Kim

14:10-14:40. "20 years of German-Japanese cross-cultural engineering life: A review" Dr. Axel Pilgrim

14:40-15:05. Coffee break

15:05-16:15. Session III (Chair: Prof. Yamamoto)

15:05-15:35. "Biochemical and Chemical Engineering –Today and Future of an emerging field in Dortmund"  
Dean Prof. Oliver Kayser

15:35-16:05. "Teaching and Learning at the Department BCI –not only a task but a mission" Dr. Paul Kerzel

16:05-16:15. "Pharma Engineering –Filling the gap of drug development by engineers"  
Dean Prof. Oliver Kayser

16:15-16:50. Session IV (Chair: Prof. Hasebe)

"Chemical Engineering at MIT – Tradition and Progress" Dr. Barry S. Johnston

16:50. Closing Address (Prof. Hasebe)
