

Organic Synthesis Enables Chemical Biology Research: The Application of Rearrangement and Fragmentation Reactions

日時：平成28年2月4日(木) 15:00～16:30

場所：桂キャンパスA2棟3階306号室

2013-present, Provisional Principal Investigator, Peking University-Tsinghua University Joint Center for Life Sciences; Principal Investigator, College of Chemistry and Molecular Engineering, Peking University
2011–2013 Postdoctoral Fellow, H3 Biomedicine Inc., Research advisor: Dr. John Yuan Wang
2005–2011 Ph.D. in Chemistry, Department of Chemistry and Chemical Biology, Harvard University; Chemical Biology Program, Broad Institute, Research advisor: Professor Stuart L. Schreiber
