

The 2nd JGP Chem & ChemEn International Workshop: Sustainability-Oriented Organic Synthesis

September 9th - 10th, 2019

Katsura Hall, Kyoto University

http://www.sbchem.kyoto-u.ac.jp/murakami-lab/JGP_SOOS/

<Speakers>

Shuji Akai (Osaka University, Japan)

Aaron Aponick (University of Florida, USA)

Jeffrey Aube (University of North Carolina at Chapel Hill, USA)

Darren Dixon (University of Oxford, UK)

Aiko Fukazawa (Kyoto University, Japan)

Teruyuki Kondo (Kyoto University, Japan)

Norbert Krause (Dortmund University of Technology, Germany)

Dawei Ma (Shanghai Institute of Organic Chemistry, Chinese Academy of Sciences, China)

Debaburata Maiti (Indian Institute of Technology Bombay, India)

Seijiro Matsubara (Kyoto University, Japan)

Masahiro Murakami (Kyoto University, Japan)

Yoshiaki Nakao (Kyoto University, Japan)

Tomoki Ogoshi (Kyoto University, Japan)

Kouichi Ohe (Kyoto University, Japan)

Oliver Reiser (University of Regensburg, Germany)

Richmond Sarpong (University of California Berkeley, USA)

Michael S. Sherburn (Australian National University, Australia)

Michinori Suginome (Kyoto University, Japan)

Chair

Masahiro Murakami

Supports

Japan Gateway Kyoto University Top Global Program

Chemistry & Chemical Engineering Unit for the Top Global Course
